Honorable Douglas E. Arpert  
United States Magistrate Judge  
District of New Jersey  
402 E. State Street  
Trenton, New Jersey 08608

Re: United States v. Rueben Ames,  
Criminal No. 20-307 (MAS)

Dear Judge Arpert:

On February 22, 2023, the parties appeared before Your Honor for an initial appearance for an alleged violation of supervised release in the above-referenced matter. On that day, the government made an application for detention, which was denied pending a bail review hearing that was scheduled for March 15, 2023. Since then, the defendant has complied with the terms of his release and is now scheduled to receive alcohol-related treatment beginning at the end of the month. Additionally, the defendant has secured gainful employment. For those reasons, and in accordance with Probation's recommendation, the government withdraws its application for detention and respectfully submits that tomorrow's bail review hearing is no longer necessary.
